

**Facebook, Inc. ("Facebook")
Contribution Agreement**

Thank you for your interest in contributing to the Facebook product development community. This Contribution Agreement clarifies the terms under which you, the "Contributor", may contribute software code to Facebook's open source projects. Consistent with the practice of many other open source communities, if you would like to make a contribution, Facebook requires that you assign the intellectual property rights in your contribution to Facebook (with a license back to you to use it in any way you please).

To make a contribution, please review and sign this Contribution Agreement, send it by facsimile to the attention of the Facebook Legal Department 650-543-4801 or by email to legal@facebook.com, and send an original by mail to Legal Department, 156 University Avenue, Palo Alto, CA 94301. You may send Facebook your contributions via mail to Open Source Team, 156 University Avenue, Palo Alto, CA 94301 or email to fbopen@facebook.com. Please read this Contribution Agreement carefully before signing, and keep an original for your records. If you have questions about these terms, please contact us via email at fbopen@facebook.com.

The "Contribution" means all of Contributor's past, present and future contributions of object code, source code, documentation and any other contribution Contributor makes to Facebook (however submitted to Facebook).

This Contribution Agreement is made and entered into by and between Contributor and Facebook. Any Contribution by Contributor will be made under this Contribution Agreement.

1. Contributor assigns ownership of the Contribution to Facebook. In consideration for the potential inclusion of the Contribution in a Facebook product and receipt of Facebook branded apparel in the event of such inclusion, and for the receipt of the license back to Contributor set forth in Section 4 below, Contributor hereby irrevocably and exclusively grants, assigns and transfers to Facebook, its successors, assigns and nominees, all right, title and interest worldwide in and to the Contribution and all works of authorship and inventions embodied therein, including without limitation all intellectual property rights, including, but not limited to, copyrights, patents, trademarks, trade secrets and moral rights in the Contribution. Contributor agrees that this assignment may be submitted by Facebook to obtain patents, mask work registrations, copyright registrations and otherwise to protect Facebook's ownership in the Contribution and any and all related inventions and works of authorship in any country.

2. Contributor agrees to take further actions. Contributor shall take such reasonable actions as may be requested by Facebook, if any, to perfect the assignment of the Contribution as stated herein, including, but not limited to signing any necessary documents. In the event that Facebook is unable for any reason, after reasonable effort, to secure Contributor's signature on any document needed in connection with the actions specified in this Section 2, Contributor hereby irrevocably designates and appoints Facebook and its duly authorized officers and agents as Contributor's agents and attorneys-in-fact, to act for and on its behalf to execute, verify and file any such documents and to do all other lawfully permitted acts to further the purposes of this Section 2 with the same legal force and effect as if executed by Contributor.

3. Contributor agrees to waive its rights vis-à-vis Facebook. If Contributor has any rights to the Contribution that cannot be assigned including, without limitation, any moral rights or the equivalent thereof, Contributor hereby unconditionally and irrevocably: (a) waives enforcement worldwide of such rights against Facebook, its subsidiaries, and licensees and any of their officers, directors, stockholders, agents and employees; (b) waives and quitclaims to Facebook any and all claims and causes of action of any kind against Facebook, its subsidiaries, and its licensees (through multiple tiers), and any of their officers, directors, stockholders, agents and employees, with respect to such rights, and agrees, at Facebook's request and expense, to consent to and join in any action to enforce such rights; and (c) grants to Facebook during the term of such rights, an exclusive (even as to Contributor), irrevocable, perpetual, worldwide, fully paid and royalty-free license, with rights to sublicense through multiple tiers of sublicensees, under and to all of such rights to the Contribution. These rights are assignable by Facebook.

4. Facebook grants Contributor a license to use the Contribution. Facebook grants to Contributor a non-exclusive, perpetual, irrevocable, worldwide, royalty free, transferable license to reproduce, prepare derivative works of, distribute (internally and externally, in object code and, if included in the Contribution, source code form), make, use, sell, offer for sale, publicly perform and publicly display the Contribution, with the right to sublicense all of these rights through multiple tiers of sublicensees. For the avoidance of doubt, this license is limited to the Contributions in the form submitted by Contributor and does not include any rights to Facebook products.

5. Contributor is able to grant Facebook these rights. Contributor represents and warrants that Contributor is legally entitled to grant the above assignment and other rights granted above and that by assigning the Contribution to Facebook or granting such other rights, Contributor is not violating any law, breaching any contract, or infringing upon the rights of any person or entity. Contributor represents and warrants that: (a) the Contribution is Contributor's original work of authorship, and to Contributor's knowledge, no other person claims, or has the right to claim, any right in any invention

or patent related to the Contribution, (b) Contributor has not made any registration of intellectual property rights in the Contribution, and (c) the Contribution does not incorporate and is not derived from any third-party intellectual property (including any other computer code, libraries or other materials obtained from any other source or any open source code). If Contributor's employer has rights to intellectual property that Contributor creates, Contributor represents and warrants that Contributor has received permission to make the Contribution on behalf of that employer, or that Contributor's employer has waived such rights for the Contribution. Contributor represents and warrants that the Contribution shall be free of any: (i) viruses, worms, time bombs, Trojan horses or other harmful, malicious or destructive code and (ii) software disabling devices, time-out devices, counter devices and devices intended to collect data regarding usage of the software without the knowledge of Facebook.

6. Facebook determines the code that is in Facebook products. Contributor understands that the decision to include the Contribution in any product or source repository is entirely that of Facebook, and this agreement does not guarantee that the Contribution will be included in any product. Contributor further acknowledges that Contributor shall not be entitled to any royalties, license fees or other payments of any type with respect to any use, distribution or other exploitation of any type by Facebook of any Contribution.

7. General Terms. In the event that any of the provisions of this Contribution Agreement shall be held illegal or unenforceable by a court of competent jurisdiction, such provisions shall be limited or eliminated to the minimum extent necessary so that this Contribution Agreement shall otherwise remain in full force and effect. This Contribution Agreement shall be governed by the laws of the State of California and the United States without regard to conflicts of laws provisions thereof. Unless waived by Facebook in its sole discretion, the jurisdiction and venue for any action arising out of or relating to the subject matter of this Contribution Agreement shall be the California state and United States federal courts located in Santa Clara County, California, and both parties hereby submit to the personal jurisdiction of such courts. This Contribution Agreement supersedes all prior discussions and writings and constitutes the entire agreement between the parties with respect to the subject matter hereof. The prevailing party in any action to enforce this Contribution Agreement shall be entitled to costs and attorneys' fees. No waiver or modification of this Contribution Agreement will be binding upon either party unless made in writing and signed by a duly authorized representative of each party and no failure or delay in enforcing any right will be deemed a waiver. Facebook may assign this Contribution Agreement to any party without the consent of Contributor.

Accepted and agreed to by the authorized representative of each party:
